WALK FOR THE
ANIMALS

Walk Wrap-Up

pg. 4

Meet **Hayneedle**
pg. 7

[FROM THE **CEO**]

Dear Friends,

I have some very exciting news to share with you! We, at NHS, have been working on a special capital endeavor, The Judy Varner Adoption and Education Center, in honor of my predecessor who gave decades of service to homeless animals. The project involves a comprehensive renovation of 45% of our main building that will not only transform the way we shelter and rehome animals, but also how we serve and educate the public. The redesigned spaces will reduce animal stress and length of stay; enhance humane educational opportunities; and expand messaging of responsible pet ownership and humane treatment for all living creatures.

I am thrilled to report that, because of very generous donors, we have raised 93% of our \$14,170,398 construction budget! This speaks volumes about our gracious community.

Construction is scheduled to begin in November 2018 with anticipated completion in March 2020. The shelter will remain open during this time. We will certainly keep you posted as to our progress.

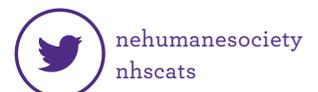

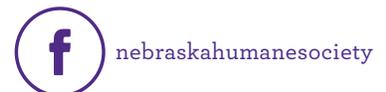

As always, we think of you often and appreciate all you do for the homeless animals.
Thank you for loving them, sheltering their hope and healing their hearts.

A handwritten signature in black ink that reads "Nancy Hintz".

Holy Kitten Caboodle!

Our kitten nursery has been a busy place in 2018 as litters of tiny babies have poured through our doors. Luckily, our supportive community helped us stock it early during our Virtual Kitten Shower. The online event in March allowed donors to order right off our Amazon wish list and netted us more than \$16,000 worth of kitten formula, kitty loaf, litter and pans, bottles, snuggle safe warmers and more! Our volunteer "kitten feeders" were elated with the supplies that were delivered every day for two solid weeks. Huge thanks to our online community! Your support is making a difference in so many lives.

Where Help Becomes Hope

*“Can we bring puppies back from St. Thomas?
They really need our help!”*

That was the question from Mandi, who is on the NHS Friends Forever guild. She and her husband Rob were vacationing in July, and, of course, were drawn to a benefit for the Humane Society of St. Thomas. “They have so many puppies but few homes on the island.”

That put the wheels (or should we say wings) in motion for a puppy transport. HSST is well versed in asking vacationers to allow homeless pets to accompany them home. The program is called Pets with Wings and it was slick. The pups got shots and vet clearances and were ready in airline approved, under seat carriers, when Rob and Mandi were ready to head back to the states. Paperwork helped them through customs and even pointed out the location of the “doggie station” in their layover airport.

“BEST FLIGHT EVER” texted Mandi who sent a pic with a puppy on her lap (shhhh, don’t tell Delta she got them out of the carrier for a sec!).

Quiggley, Quinn, Coco, and Queenie are all now in their new homes in the Husker State and ready for midwestern life. Thank you Mandi and Rob for your enthusiasm to help these pups!

Your Help

Finding Animals Homes

This summer was a banner year for animals coming into the shelter. We began getting kittens in the spring and it just didn't let up. While our dog intake numbers aren't astronomically higher, we are seeing dogs who need more time to adjust, gain confidence or learn restraint before being adopted. Our staff and volunteers gladly help these dogs, but extra days in the shelter creates canine bottlenecks.

Our short term solution is to entice adopters to come at times when we are hitting capacity, usually offering "deals" on adoption fees. We did this several times this summer and you, our community, always responded!

Our Clear the Shelter event placed 163 pets into new homes in one day. Yappy Pack fed the crowds with a bake sale, while our educators provided activities for children. Two of our ponies made a "surprise" visit to spotlight our equine program. For those who adopted, volunteered their time, and helped us spread the word on social media, we cannot thank you enough. Adoption is the end result we wish for every animal... and we can't do it without you!

Our longer term solution will include the renovation we are beginning this November, referenced on page 1 in our CEO's message. The building changes are designed to enhance environments and produce less stress for the animals. Along with easier adopter interaction, the result should be shorter stays for homeless animals. Without increasing actual kennel numbers, we will be able to serve more animals!

Walk Wrap-Up

Despite drizzling rain, enthusiasm was high for the Margre Durham Walk for the Animals on September 30th. More than 800 people and 61 teams walked, ran the 5K, and raised money to support homeless animals at NHS. Little dogs showed up in slickers and parkas, while the big guys seemed to enjoy the cooler temperatures. Their humans took photos, bid on auction items, enjoyed beer and barbecue and visited with sponsors on the packed NHS meadow. We were pleasantly surprised at the turnout, but realized that our Walk participants are truly dedicated --heck what's a little rain?

To all of you who attended, raised money, donated to, sponsored, or volunteered time at the Walk, a round of ap-paws! We could not do such an outstanding event without you!

Winter Wine Festival

Flemings Prime Steakhouse and Wine Bar

Dec 1, 2018 1:00-4:00pm

Come taste a full palate of wines, savor tasty appetizers, and peruse a bar-themed silent auction, all to benefit homeless animals. What could possibly be better? Check our website in November for details!

Give yourselves a round of a-paws!

Black Tie and Tails was a hit!

Gather 500 people, all dedicated to helping animals, and you get a heartwarming night of animal celebration. Our bi-ennial Black Tie and Tails gala, held in April, was a huge hit. NHS guild, Friends Forever, outdid themselves! Event chairs, Chrissy Cacioppo and Christine Olson, worked tirelessly to put together a terrific event. Party goers enjoyed cocktails as they perused a silent auction and met four legged friends being sheltered and helped by their generosity. Honorary Chairs Ted and Tracy Bridges gave a fun account of how they began their “love affair” with the Nebraska Humane Society. Dinner and a touching program included Torry, a breed ambassador for pitbulls, receiving the Tina Durham Service Dog Award for giving back to the community. The whole evening was fun, entertaining, and exceeded the fundraising goal! Wow! Tail wagging thanks to everyone who attended, donated, and volunteered time and talents to make the night a success.

Our Help

Mia the Duct Taped Dog

Mia arrived at NHS with duct tape wrapped around her head. Her paperwork explained that Mia had ear infections, and the owners had tried a home remedy to treat the problem, taping the ears to keep the medicine inside. Unfortunately, the tape actually trapped the infection inside the ears, and rubbed Mia's neck raw. With great care our veterinarians removed the tape, treated the ears and soothed her neck. This gentle sweet girl soon felt much better and was up for adoption a week later. She is now completely healed and in her new home loving her entire family. "She is the perfect dog for us" says mom Jillian. "She's great with the kids and we just love her to pieces."

The duct tape wrapped around Mia's head was a home remedy to treat an ear infection.

Thanks to our community's support, we can give second chances to deserving dogs like Mia!

Mia is very happy in her forever home! Her family loves her, and she loves them too!

Meet Hayneedle

a Tiny Kitty with a Big Meow

Employees of Hayneedle Inc. heard him before they saw him. The little brown tabby was making all kinds of racket inside a dumpster by their building. When they investigated they found the wee guy had stuck his head through a drain hole and couldn't back out. Our NHS Animal Control officer Misty Binau used high tech methods - butter and Dawn dish soap - to grease up the baby. Then working with several Hayneedle employees perched above, outside, and inside the dumpster, the team tucked back the kitty's ears, and very carefully slid him out. It took 4 tries and about 20 minutes but Hayneedle (as he was dubbed) finally popped free. He was skinny and ravenous, but otherwise ok. After a bath and all the "kitten loaf" he could eat, we tucked him into a kennel with a snuggle safe warmer. He went on to foster care and is now in his permanent home. After his rough "childhood" his family is giving him extra TLC - they even took him to St. Cecilia's Pet Blessing for good measure.

Animal Control Goes National!

In May, the Nebraska Humane Society hosted a national animal control training seminar. Known as NACHO (National Animal Control and Humane Officer), officers from Alaska, California, Georgia, and assorted other states attended the week-long seminar at NHS.

Four of our ACO's also attended, and brushed up on training, including animal handling and search and seizure. The instructors were so impressed with the NHS facilities they are already planning additional classes in the future!

Tails of Success

We adopted Charity and Diego to keep our little guy “Prince” company after his companion dog died. Initially the duo was nervous, worried and scared. They didn’t want attention or petting. Fast forward a year and you wouldn’t believe how far they have come. Charity now snuggles with me every night. Diego is more laid back but he had no interest in “fun.” Just the other day he played with his first toy! They have learned vocabulary for treats, activities, “going for a ride”. They complete our family and are healthy and happy and each has a unique personality. Thank you for giving us a chance with them.
- Theresa Wheeler

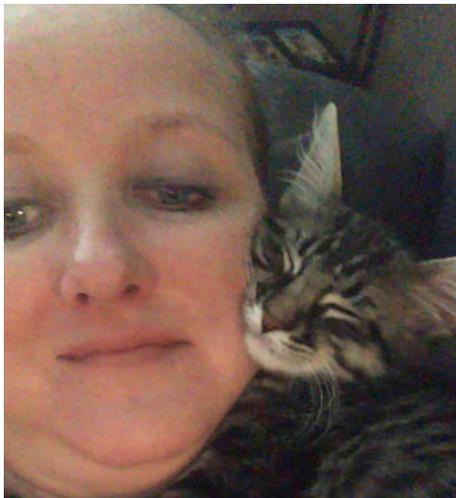

Hi! My name is Rheyna and I love my new furever home! I have 2 brothers, a dog named Riley and a cat named Jackson (he was also adopted from you!). I have 2 mommies who love me more than I’ve ever been loved, and a best friend in Riley. We lie on top of each other and compete for lap space. Thank you so much for saving my life and placing me in the best furever home I could ever ask for. I know I’m going to be spoiled just like my brothers!
- Rheyna

Brutus and Belle are now Max and Annie-- they are just the sweetest and are getting love from the whole family. They are great with the kids and even went on a vacation to our Minnesota cabin to meet our extended family. They have wonderful manners and are perfect snugglers! - Stefani Saben

Bailey was adopted in June and she is the ultimate wonder dog. She took to our family so quickly and is very sweet. She loves backyard fun, dips in the pool and my parent's dogs. She is smart! She took to her new name in a day, lets us know when she needs to go out, and everyone says she is an absolute gem! Thank you for letting us love this dog! - The Carney Family

Oscar is perfect! We are so happy to have adopted this kitty from NHS and Oscar loves his new home. - Bernice Porter

We are celebrating our first year of our adoption success with Nicho. It has been a wonderful experience. Nicho has changed our lives since the first day he came to live with us. He is an international traveler and the picture is his latest trip to Havana with us. Thank you for allowing us to adopt such an adorable son. - Maryn Castillo.

NHS proudly feeds Purina products.

At the Nebraska Humane Society, *we love pets - and the people who love them.* It's good to remember that we offer pet help year-round, no matter the season. Some of our services include:

- Free Behavior Helpline
- Best of Omaha Training Classes
- Low-Cost Spay and Neuter Center
- Expert-approved Pet Supplies
- Rainbow Bridge Services
- Fun events for the whole family
